MRS. TAYLOR

A MESSAGE FROM OUR PRINCIPAL

TO THE CLASS OF '94

Congratulations on having successfully reached this important milestone in your life. I am certain your high school years were fraught with experiences you will remember for the rest of your life. However, this milestone is more of a beginning than it is an end. It marks the beginning of the path you will follow in pursuit of your hopes and dreams. Your success will require hard work. The hopes of the future rely on your success. If your past performance is an indication of things to come, then the world can look forward to a very bright future.

Remember what you have learned. Approach every opportunity as a challenge. Trust your instincts and have confidence in your ability. I leave you with a wonderful inscription that outlines the approach you should take towards the rest of your life:

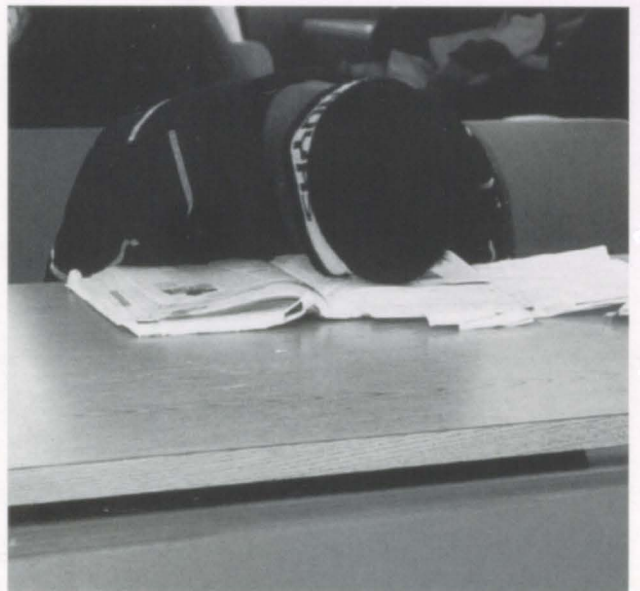

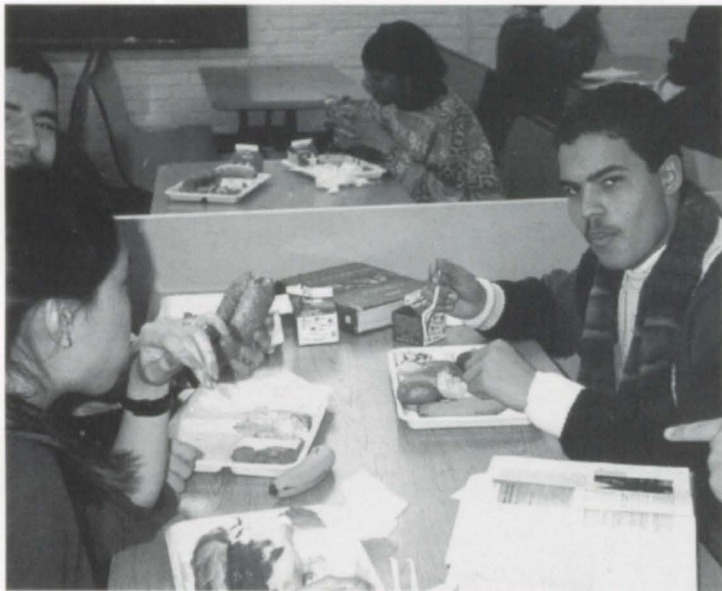

"A vision without a task is but a dream; a task without a vision is drudgery; but a vision with a task is the hope of the world.

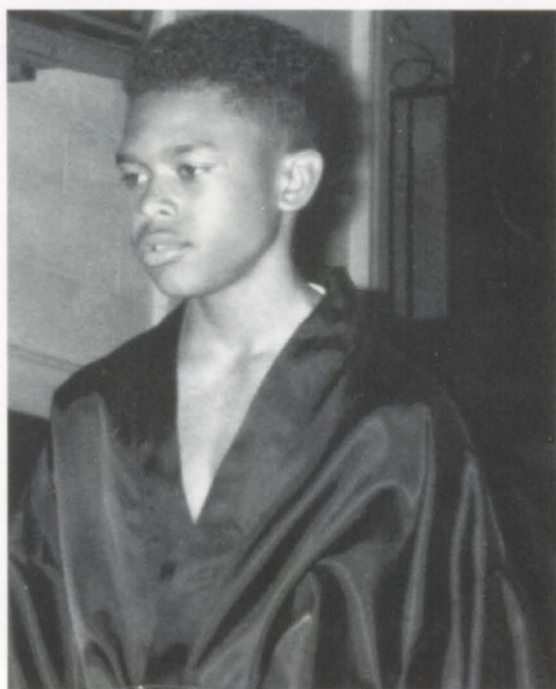

I wish you happiness and success and ask that you remember Science High with the same fondness we have for you.

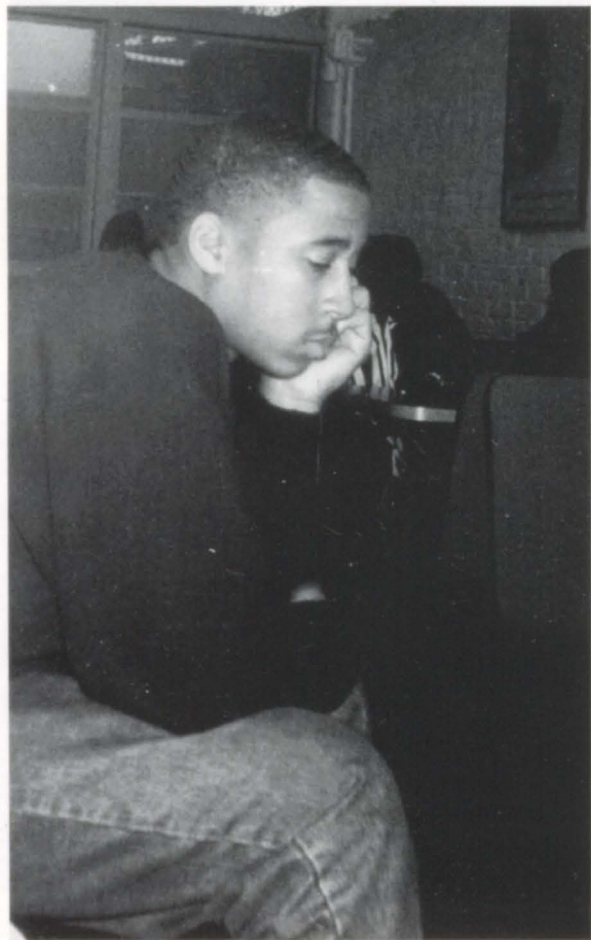

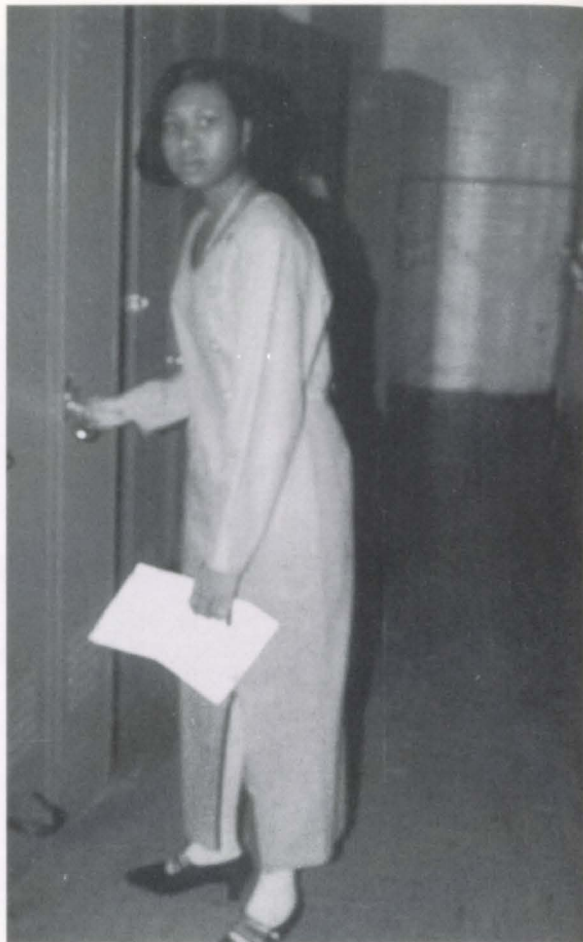

THE NEWARK BOARD OF EDUCATION
